## My Portrait

**My Character**

Hi, I'm Yohann :)

I am naturally optimistic and cheerful. I like to share ideas and work in a team with new people.

**My Flaws**

Like everyone else, I have a few flaws. I sometimes happen to be clumsy or lack attention. Don't hesitate to point it out to me if it happens, as I am not touchy :)

**Mes Qualities**

I like to propose many ideas and support my team. I try to make myself available to help as soon as possible and I like to take certain initiatives.

**My Vision of Work**

For me, a work team functions in symbiosis. It therefore seems important to me to have good communication and to speak one's mind. Our colleagues are also our friends !

**Shall we meet ?**
